BIOGRAPHY

Pépin Struye is originally from Bruxelles. He was immersed in the audiovisual world since his childhood, first accompanying his parents on different film sets and later rapidly trying it himself at different positions.

He then quickly became camera assistant, which permitted him to acquire the necessary experience for his transition to director of photography.

He made himself known with his work in commercials and music videos, by collaborating with artist like Ilona on her remarked music video Moins Joli, or also with the music video Goldress Yellowstraps which marked the beginning of his collaboration with the director Bleu Désert with whom he regularly works both in music videos ("123 soleil" by Ziak and "Phénomène" by Kekra, notorious artists of the french rap scene) and advertisement (Bleu de Chauffe for BMW- Paralympiques).

Simultaneously, Pépin developed his work in documentary and fiction with different projects, with in 2021, the documentary Behind Big Ben by Benteke directed by Romain Habousha and in 2023, the movie Nouveaux Riches directed by Julien Royal.

In 2025, he collaborated with Arnaud Dufeys and Charlotte Devillers on the socially conscious feature film On Vous Croit, selected for the Berlin Film Festival.

Talented artist and driven by the international scene, Pépin works in many different countries and on multiple continents, always in the will of serving the inspirations of directors and professionals he collaborates with.

BIOGRAPHIE

Pépin Struye est originaire de Bruxelles. Il baigne dans le milieu du cinéma depuis son plus jeune âge, accompagnant d'abord ses parents sur différents tournages puis s'essayant rapidement à son tour à différents postes.

Il devient très vite assistant caméra, ce qui lui permet d'acquérir l'expérience nécessaire à sa transition en tant que directeur de la photographie.

Il se fait connaître grâce à son travail en publicité et en clip, collaborant par exemple avec Iliona sur le clip remarqué Moins Joli, ou encore en 2019 avec le clip de Goldress par Yellowstraps qui marque le commencement de sa collaboration avec le réalisateur Bleu Désert avec qui il travaille régulièrement aussi bien en clip ("123 soleil" de Ziak et "Phénomène" de Kekra, artistes notoires de la scène du rap français) qu'en pub (Bleu de Chauffe pour BMW-Paralympiques)

En parallèle, Pépin développe son travail en documentaire et en fiction sur différents projets avec en 2021, le documentaire "Behind Big Ben" par Benteke réalisé par Romain Habousha et en 2023, le film "Nouveaux Riches" de Julien Royal.

En 2025, il signe la photographie du long-métrage engagé *On Vous Croit*, réalisé par Arnaud Dufey et Charlotte Devillers, sélectionné à la Berlinale.

Artiste talentueux et animé par l'international, Pépin travaille dans de nombreux pays et sur plusieurs continents, toujours dans la volonté de servir les inspirations des réalisateurs et professionnels avec qui il collabore.
